Re: Notice of Ex Parte Presentation; WT Docket No. 02-146

Dear Ms. Dortch:

On June 20, Scott Morris, General Counsel and Senior Vice President of Public Affairs of Terabeam Corporation ("Terabeam") and the undersigned met with Kathleen Ham, Robert Pepper and Kenneth Carter, all of the Office of Strategic Planning and Policy Analysis to discuss the above-referenced proceeding.

Consistent with Terabeam's comments and reply comments, the participants principally discussed the method by which the FCC may wish to authorize the use of the millimeter wave bands. Terabeam indicated its concern with both the unlicensed use of the band and the employment of band managers as the licensees of the band. Terabeam also pointed out there was general agreement on matters related to harmonization of the use of the millimeter wave bands with international agreement.

Pursuant to sections 1.1206(b)(2) of the Commission's rules, this letter is being submitted electronically to your office. Copies are also being served on the Commission participants in the meeting.
